

# SAFETY DATA SHEET

Revision date 12-Nov-2021

Revision Number 1

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### Product identifier

**Product Name** LYNX LYOPHILIZED PerCP MIX - #10535

### Other means of identification

**Safety data sheet number** 10535

### Recommended use of the chemical and restrictions on use

**Recommended use** For research use only

**Uses advised against** No information available

### Details of the supplier of the safety data sheet

#### Corporate Headquarters

Bio-Rad Laboratories Inc.  
1000 Alfred Nobel Drive  
Hercules, CA 94547  
USA

#### Manufacturer

Bio-Rad  
Endeavour House  
Langford Business Park  
Kidlington  
Oxford  
OX5 1GE  
United Kingdom  
e-mail:  
antibody\_safetydatasheets@bio-rad.com

#### Legal Entity / Contact Address

Bio-Rad Laboratories Pty Ltd  
189 Bush Road  
Auckland  
New Zealand

**Technical Service** +64 9 415 2280 or 0508 805 500  
sales.nz@bio-rad.com

### Emergency telephone number

**24 Hour Emergency Phone Number** CHEMTREC New Zealand: 64-98010034

## SECTION 2: Hazards identification

### GHS Classification

Not classified

### Label elements

**Hazard statements**

Other hazards which do not result in classification

## SECTION 3: Composition/information on ingredients

| Chemical name | CAS No | Weight-% |
|---------------|--------|----------|
| Trade secret  | -      | 50 - 100 |

## SECTION 4: First aid measures

### Description of first aid measures

|                |   |
|----------------|---|
| General advice | No hazards which require special first aid measures.  |
| Inhalation     | Remove to fresh air.  |
| Eye contact    | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a doctor. |
| Skin contact   | Wash skin with soap and water.  |
| Ingestion      | Rinse mouth thoroughly with water.  |

### Most important symptoms and effects, both acute and delayed

|          |                           |
|----------|---------------------------|
| Symptoms | No information available. |
|----------|---------------------------|

### Indication of any immediate medical attention and special treatment needed

|                 |                        |
|-----------------|------------------------|
| Note to doctors | Treat symptomatically. |
|-----------------|------------------------|

## SECTION 5: Firefighting measures

### Suitable Extinguishing Media

|                              |   |
|------------------------------|---|
| Suitable Extinguishing Media | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
|------------------------------|---|

|                                |                           |
|--------------------------------|---------------------------|
| Unsuitable extinguishing media | No information available. |
|--------------------------------|---------------------------|

### Specific hazards arising from the chemical

|  |             |
|--|-------------|
| Specific hazards arising from the chemical | None known. |
|--|-------------|

### Special protective actions for fire-fighters

|  |  |
|--|--|
| Special protective equipment for fire-fighters | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment. |
|--|--|

## SECTION 6: Accidental release measures

### Personal precautions, protective equipment and emergency procedures

|                          |   |
|--------------------------|---|
| Personal precautions     | See section 8 for more information.               |
| For emergency responders | Use personal protection recommended in Section 8. |

### Environmental precautions

**Environmental precautions** See Section 12 for additional Ecological Information.

**Methods and material for containment and cleaning up**

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Pick up and transfer to properly labelled containers.

**Precautions to prevent secondary hazards**

**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

## **SECTION 7: Handling and storage**

**Precautions for safe handling**

**Advice on safe handling** Handle in accordance with good industrial hygiene and safety practice.

**Conditions for safe storage, including any incompatibilities**

**Storage Conditions** Store according to product and label instructions.

**Incompatible materials** None known based on information supplied.

## **SECTION 8: Exposure controls/personal protection**

**Control parameters**

**Exposure Limits** This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

**Biological occupational exposure limits** This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific regulatory bodies.

**Appropriate engineering controls**

**Engineering controls** Showers  
Eyewash stations  
Ventilation systems.

**Individual protection measures, such as personal protective equipment**

**Eye/face protection** Wear safety glasses with side shields (or goggles).

**Hand protection** Wear suitable gloves.

**Skin and body protection** Wear suitable protective clothing.

**Respiratory protection** No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

**Environmental exposure controls** No information available.

**SECTION 9: Physical and chemical properties****Information on basic physical and chemical properties**

|                        |                             |
|------------------------|-----------------------------|
| <b>Physical state</b>  | Solid                       |
| <b>Appearance</b>      | powder or cake, lyophilised |
| <b>Colour</b>          | brown                       |
| <b>Odour</b>           | No information available.   |
| <b>Odour threshold</b> | No information available    |

| <b><u>Property</u></b>                        | <b><u>Values</u></b>     | <b><u>Remarks • Method</u></b> |
|---|--------------------------|--------------------------------|
| <b>pH</b>                                     |                          | None known                     |
| <b>Melting point / freezing point</b>         | No data available        | None known                     |
| <b>Boiling point / boiling range</b>          | No data available        | None known                     |
| <b>Flash point</b>                            | No data available        | None known                     |
| <b>Evaporation rate</b>                       | No data available        | None known                     |
| <b>Flammability (solid, gas)</b>              | No data available        | None known                     |
| <b>Flammability Limit in Air</b>              |                          | None known                     |
| <b>Upper flammability or explosive limits</b> | No data available        |                                |
| <b>Lower flammability or explosive limits</b> | No data available        |                                |
| <b>Vapour pressure</b>                        | No data available        | None known                     |
| <b>Vapour density</b>                         | No data available        | None known                     |
| <b>Relative density</b>                       | No data available        | None known                     |
| <b>Water solubility</b>                       | No information available |                                |
| <b>Solubility(ies)</b>                        | No data available        | None known                     |
| <b>Partition coefficient</b>                  | No data available        | None known                     |
| <b>Autoignition temperature</b>               | No data available        | None known                     |
| <b>Decomposition temperature</b>              |                          | None known                     |
| <b>Kinematic viscosity</b>                    | No data available        | None known                     |
| <b>Dynamic viscosity</b>                      | No data available        | None known                     |
| <b>Explosive properties</b>                   | Not applicable.          |                                |
| <b>Oxidising properties</b>                   | Not applicable.          |                                |
| <b><u>Other information</u></b>               |                          |                                |
| <b>Molecular weight</b>                       | Not applicable           |                                |
| <b>VOC Content (%)</b>                        | Not applicable           |                                |

**SECTION 10: Stability and reactivity****Reactivity**

|                   |                           |
|-------------------|---------------------------|
| <b>Reactivity</b> | No information available. |
|-------------------|---------------------------|

**Chemical stability**

|                  |                                 |
|------------------|---------------------------------|
| <b>Stability</b> | Stable under normal conditions. |
|------------------|---------------------------------|

**Explosion data**

|   |       |
|---|-------|
| <b>Sensitivity to mechanical impact</b> | None. |
|---|-------|

|  |       |
|--|-------|
| <b>Sensitivity to static discharge</b> | None. |
|--|-------|

**Possibility of hazardous reactions**

|   |                               |
|---|-------------------------------|
| <b>Possibility of hazardous reactions</b> | None under normal processing. |
|---|-------------------------------|

**Conditions to avoid**

**Conditions to avoid** None known based on information supplied.

**Incompatible materials**

**Incompatible materials** None known based on information supplied.

**Hazardous decomposition products**

**Hazardous decomposition products** None known based on information supplied.

|  |
|--|
| <b>SECTION 11: Toxicological information</b> |
|--|

**Acute toxicity****Information on likely routes of exposure****Product Information**

**Inhalation** Specific test data for the substance or mixture is not available.

**Eye contact** Specific test data for the substance or mixture is not available.

**Skin contact** Specific test data for the substance or mixture is not available.

**Ingestion** Specific test data for the substance or mixture is not available.

**Symptoms** No information available.

**Acute toxicity****Numerical measures of toxicity**

No information available

**Oral LD50** No information available

**Dermal LD50** No information available

**Inhalation LC50** No information available

**Inhalation LC50** No information available

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

**Skin corrosion/irritation** Based on available data, the classification criteria are not met.

**Serious eye damage/eye irritation** Based on available data, the classification criteria are not met.

**Germ cell mutagenicity** Based on available data, the classification criteria are not met.

**Carcinogenicity** Based on available data, the classification criteria are not met.

**Reproductive toxicity** Based on available data, the classification criteria are not met.

**STOT - single exposure** Based on available data, the classification criteria are not met.

**Respiratory irritation** Based on available data, the classification criteria are not met.

**Narcotic effects** Based on available data, the classification criteria are not met.

**STOT - repeated exposure** Based on available data, the classification criteria are not met.

**Aspiration hazard** Based on available data, the classification criteria are not met.

**SECTION 12: Ecological information**Ecotoxicity

**Ecotoxicity** The environmental impact of this product has not been fully investigated.

**Aquatic ecotoxicity**

**Terrestrial ecotoxicity** There is no data for this product.

**Persistence and degradability** No information available.

Bioaccumulative potential

**Bioaccumulation** No information available.

Mobility in soilOther adverse effects

No information available.

**SECTION 13: Disposal considerations**Waste treatment methods

**Contaminated packaging** For packages that have been in direct contact with hazardous substances, the person must ensure that the package is rendered incapable of containing any substance. It must be disposed of in a manner that is consistent with the requirements for disposal of the substance that it contained, taking into account the material the package is manufactured from  
Packages may only be reused or recycled if the package has been treated to remove any residual contents of the hazardous substance (class 1, 2, 3, 4, or 5); or the contents of the residue in the package are below the threshold for the substance to be classified as hazardous (class 6, 8, or 9 substance)

**SECTION 14: Transport information**

IATA Not regulated

IMDG Not regulated

**Transport in bulk according to Annex II of MARPOL and the IBC Code**

No information available

**SECTION 15: Regulatory information**

Safety, health and environmental regulations/legislation specific for the substance or mixture

**New Zealand**

|   |  |
|---|--|
| <b>National regulations</b>   | See Section 8 for any applicable tolerable exposure limits and environmental exposure limits   |
| <b>Certified handlers, tracking and controlled substance license requirements</b> | <p>Certified handlers are required for some substances. This includes for substances requiring a controlled substance license, including Class 1 explosives, vertebrate toxic agents (9.3A, B, C), and certain fumigants. Class 6.1A and 6.1B substances such as pesticides also require Certified handlers. Please check the Health and Safety at Work Act 2015 for further information</p> <p>Tracking is required for some highly hazardous substances. These substances need to be under the control of an appropriately trained person or appropriately secured. Please check the Health and Safety at Work Act 2015 for further information</p> <p>Controlled substance licenses are required to possess certain class 1 (explosive) and class 6 (vertebrate toxic agents or fumigants) substances. See Part 7 of the Health and Safety at Work Regulation 2017 for more information</p> |
| <b>EPA New Zealand HSNO approval code or group standard</b>                       | Not applicable   |

**International Inventories**

Contact supplier for inventory compliance status

**Legend:****International Regulations****The Montreal Protocol on Substances that Deplete the Ozone Layer** Not applicable**The Stockholm Convention on Persistent Organic Pollutants** Not applicable**The Rotterdam Convention** Not applicable**SECTION 16: Other information**

|                      |  |
|----------------------|--|
