

# SAFETY DATA SHEET

Revision date 27-Jul-2023

Revision Number 1.1

## 1. Identification

### Product identifier

**Product Name** Wash Solution A Concentrate

### Other means of identification

**Catalog Number(s)** 009818

**Safety data sheet number** 2034M

### Recommended use of the chemical and restrictions on use

**Recommended use** Restricted to professional users In vitro diagnostic

### Details of the supplier of the safety data sheet

#### Corporate Headquarters

Bio-Rad Laboratories Inc.  
1000 Alfred Nobel Drive  
Hercules, CA 94547  
USA

#### Manufacturer Address

DiaMed GmbH  
Pra Rond 23  
CH-1785 Cressier FR  
Switzerland/Schweiz/Suisse/Svizzera)  
e-mail: fds-msds.ch@bio-rad.com\*\*\*

#### Legal Entity / Contact Address

Bio-Rad Laboratories  
Clinical Diagnostics  
4000 Alfred Nobel Drive  
Hercules, California 94547  
USA\*\*\*

**Technical Service** 1-800-224-6723  
TechSupport.USSD@bio-rad.com\*\*\*

### Emergency telephone number

**24 Hour Emergency Phone Number** CHEMTREC USA: 1 (800) 424-9300

## 2. Hazard(s) identification

### Classification

|                         |               |
|-------------------------|---------------|
| Acute toxicity - Oral   | Category 4*** |
| Acute toxicity - Dermal | Category 4*** |

### Hazards not otherwise classified (HNOC)

Not applicable

### Label elements

#### Warning\*\*\*

#### Hazard statements

Harmful if swallowed  
Harmful in contact with skin\*\*\*

|                                            |                              |                      |
|--------------------------------------------|------------------------------|----------------------|
| <b>Appearance</b> No information available | <b>Physical state</b> Liquid | <b>Odor</b> Odorless |
|--------------------------------------------|------------------------------|----------------------|

**Precautionary Statements - Prevention**

Wash face, hands and any exposed skin thoroughly after handling

Do not eat, drink or smoke when using this product

Wear protective gloves/protective clothing\*\*\*

IF ON SKIN: Wash with plenty of water and soap

Call a POISON CENTER or doctor if you feel unwell

Take off contaminated clothing and wash it before reuse\*\*\*

IF SWALLOWED: Call a POISON CENTER or doctor if you feel unwell

Rinse mouth\*\*\*

**Precautionary Statements - Disposal**

Dispose of contents/container in accordance with local, regional, national, and international regulations as applicable\*\*\*

**Other information**

Harmful to aquatic life with long lasting effects.\*\*\*

**3. Composition/information on ingredients****Substance**

Not applicable.\*\*\*

**Mixture \*\*\***

| Chemical name      | CAS No     | Weight-% | Trade secret |
|--------------------|------------|----------|--------------|
| Sodium chloride*** | 7647-14-5  | 10 - 20  | *            |
| Sodium azide***    | 26628-22-8 | 1 - 2.5  | *            |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

**4. First-aid measures****Description of first aid measures**

|                                           |                                                                                                                                                                                                        |
|-------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>General advice</b>                     | Show this safety data sheet to the doctor in attendance.***                                                                                                                                            |
| <b>Inhalation</b>                         | Remove to fresh air.                                                                                                                                                                                   |
| <b>Eye contact</b>                        | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician.                                                                                   |
| <b>Skin contact</b>                       | Wash off immediately with plenty of water for at least 15 minutes. If symptoms persist, call a physician.***                                                                                           |
| <b>Ingestion</b>                          | Do NOT induce vomiting. Rinse mouth. Never give anything by mouth to an unconscious person. Call a physician.***                                                                                       |
| <b>Self-protection of the first aider</b> | Ensure that medical personnel are aware of the material(s) involved, take precautions to protect themselves and prevent spread of contamination. Wear personal protective clothing (see section 8).*** |

**Most important symptoms and effects, both acute and delayed**

**Symptoms** No information available.

**Indication of any immediate medical attention and special treatment needed**

**Note to physicians** Treat symptomatically.

## 5. Fire-fighting measures

**Suitable Extinguishing Media** Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Specific hazards arising from the chemical** No information available.

**Explosion data**

**Sensitivity to mechanical impact** None.

**Sensitivity to static discharge** None.

**Special protective equipment and precautions for fire-fighters** Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.

## 6. Accidental release measures

**Personal precautions, protective equipment and emergency procedures**

**Personal precautions** Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. Use personal protective equipment as required.\*\*\*

**Other information** Refer to protective measures listed in Sections 7 and 8.\*\*\*

**Methods and material for containment and cleaning up**

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Pick up and transfer to properly labeled containers.

## 7. Handling and storage

**Precautions for safe handling**

**Advice on safe handling** Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Ensure adequate ventilation.\*\*\*

**Conditions for safe storage, including any incompatibilities**

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place. Keep out of the reach of children. Store locked up. Store according to product and label instructions.\*\*\*

## 8. Exposure controls/personal protection

**Control parameters**

**Exposure Limits** The following ingredients are the only ingredients of the product above the cut-off level (or level that contributes to the hazard classification of the mixture) which have an exposure limit applicable in the region for which this safety data sheet is intended or other recommended limit. At this time, the other relevant constituents have no known exposure limits from the sources listed here.\*\*\*

| Chemical name                 | ACGIH TLV                                                                              | OSHA PEL                                                                                        | NIOSH                                                       |
|-------------------------------|----------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------|-------------------------------------------------------------|
| Sodium azide***<br>26628-22-8 | Ceiling: 0.29 mg/m <sup>3</sup> Sodium azide<br>Ceiling: 0.11 ppm Hydrazoic acid vapor | (vacated) S*<br>(vacated) Ceiling: 0.1 ppm HN3<br>(vacated) Ceiling: 0.3 mg/m <sup>3</sup> NaN3 | Ceiling: 0.1 ppm HN3<br>Ceiling: 0.3 mg/m <sup>3</sup> NaN3 |

### Appropriate engineering controls

**Engineering controls** Showers  
Eyewash stations  
Ventilation systems.

### Individual protection measures, such as personal protective equipment

**Eye/face protection** Wear safety glasses with side shields (or goggles).\*\*\*

**Hand protection** Wear suitable gloves.\*\*\*

**Skin and body protection** Wear suitable protective clothing. Long sleeved clothing.\*\*\*

**Respiratory protection** No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

**General hygiene considerations** Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection.\*\*\*

## 9. Physical and chemical properties

### Information on basic physical and chemical properties

**Physical state** Liquid  
**Appearance** No information available  
**Color** dark green  
**Odor** Odorless  
**Odor threshold** No information available

| <u>Property</u>                               | <u>Values</u>            | <u>Remarks • Method</u> |
|-----------------------------------------------|--------------------------|-------------------------|
| <b>pH</b>                                     | 5.9                      | None known              |
| <b>Melting point / freezing point</b>         | No data available        | None known              |
| <b>Boiling point / boiling range</b>          | 100 °C*** /*** 212 °F*** | ***                     |
| <b>Flash point</b>                            | No data available        | None known              |
| <b>Evaporation rate</b>                       | No data available        | None known              |
| <b>Flammability (solid, gas)</b>              | No data available        | None known              |
| <b>Flammability Limit in Air</b>              |                          | None known              |
| <b>Upper flammability or explosive limits</b> | No data available        |                         |
| <b>Lower flammability or explosive limits</b> | No data available        |                         |
| <b>Vapor pressure</b>                         | No data available        | None known              |
| <b>Vapor density</b>                          | No data available        | None known              |
| <b>Relative density</b>                       | No data available        | None known              |
| <b>Water solubility</b>                       | No data available        | None known              |
| <b>Solubility(ies)</b>                        | No data available        | None known              |
| <b>Partition coefficient</b>                  | No data available        | None known              |
| <b>Autoignition temperature</b>               | No data available        | None known              |

|                           |                   |            |
|---------------------------|-------------------|------------|
| Decomposition temperature | No data available | None known |
| Kinematic viscosity       | No data available | None known |
| Dynamic viscosity         | No data available | None known |

**Other information**

|                      |                          |
|----------------------|--------------------------|
| Explosive properties | No information available |
| Oxidizing properties | No information available |
| Softening point      | No information available |
| Molecular weight     | No information available |
| VOC content          | No information available |
| Liquid Density       | 1                        |
| Bulk density         | No information available |

## 10. Stability and reactivity

|                                    |                                                                                                                                                                                              |
|------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity                         | No information available.                                                                                                                                                                    |
| Chemical stability                 | Stable under normal conditions.                                                                                                                                                              |
| Possibility of hazardous reactions | Avoid contact with metals. This product contains sodium azide. Sodium azide can react with copper, brass, lead, and solder in piping systems to form explosive compounds and toxic gases.*** |
| Conditions to avoid                | None known based on information supplied.                                                                                                                                                    |
| Incompatible materials             | Metals.***                                                                                                                                                                                   |
| Hazardous decomposition products   | None known based on information supplied.                                                                                                                                                    |

## 11. Toxicological information

**Information on likely routes of exposure**

|                     |                                                                                                                   |
|---------------------|-------------------------------------------------------------------------------------------------------------------|
| Product Information | ***                                                                                                               |
| Inhalation          | Specific test data for the substance or mixture is not available.                                                 |
| Eye contact         | Specific test data for the substance or mixture is not available.                                                 |
| Skin contact        | May be absorbed through the skin in harmful amounts. Harmful in contact with skin. (based on components).***      |
| Ingestion           | Specific test data for the substance or mixture is not available. Harmful if swallowed. (based on components).*** |

**Symptoms related to the physical, chemical and toxicological characteristics**

|          |                           |
|----------|---------------------------|
| Symptoms | No information available. |
|----------|---------------------------|

**Acute toxicity****Numerical measures of toxicity**

\*\*\*

The following values are calculated based on chapter 3.1 of the GHS document \*\*\*

|                 |                      |
|-----------------|----------------------|
| ATEmix (oral)   | 1,442.00*** mg/kg*** |
| ATEmix (dermal) | 1,137.20*** mg/kg*** |

**Persistence and degradability** No information available.

**Bioaccumulation** There is no data for this product.

**Other adverse effects** No information available.

### 13. Disposal considerations

#### Waste treatment methods

**Waste from residues/unused products** Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation. Flush pipes with water frequently if discarding solutions containing sodium azide into metal piping systems.\*\*\*

**Contaminated packaging** Do not reuse empty containers.

**California Hazardous Waste Status** This product contains one or more substances that are listed with the State of California as a hazardous waste.\*\*\*

### 14. Transport information

**DOT** Not regulated

**TDG** Not regulated

**MEX** Not regulated

**IATA** Not regulated

**IMDG** Not regulated

### 15. Regulatory information

**International Inventories** Contact supplier for inventory compliance status

#### US Federal Regulations

##### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product contains a chemical or chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.\*\*\*

| Chemical name                | SARA 313 - Threshold Values % |
|------------------------------|-------------------------------|
| Sodium azide*** - 26628-22-8 | 1.0                           |

**SARA 311/312 Hazard Categories**

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

**CWA (Clean Water Act)**

This product contains the following substances which are regulated pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).\*\*\*

**CERCLA**

This material, as supplied, contains one or more substances regulated as a hazardous substance under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302).\*\*\*

| Chemical name                 | Hazardous Substances RQs | Extremely Hazardous Substances RQs | Reportable Quantity (RQ)                  |
|-------------------------------|--------------------------|------------------------------------|-------------------------------------------|
| Sodium azide***<br>26628-22-8 | 1000 lb                  | 1000 lb                            | RQ 1000 lb final RQ<br>RQ 454 kg final RQ |

**US State Regulations****California Proposition 65**

This product does not contain any Proposition 65 chemicals.

**U.S. State Right-to-Know Regulations**
