

# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of:  
Canada WHMIS 2015 which includes the amended Hazardous Products Act (HPA) and the Hazardous Products Regulation (HPR)

Revision date 25-Mar-2025

Revision Number 1.1

## 1. Identification

### Product identifier

Product Name Octylphenol Ethoxylate

### Other means of identification

Catalog Number(s) 1610407

UN number or ID number UN3082

### Recommended use of the chemical and restrictions on use

Recommended use Laboratory chemicals

Restrictions on use No information available

### Details of the supplier of the safety data sheet

#### Corporate Headquarters

Bio-Rad Laboratories Inc.  
1000 Alfred Nobel Drive  
Hercules, CA 94547  
USA

#### Manufacturer Address

Bio-Rad Laboratories, Life Science Group  
2000 Alfred Nobel Drive  
Hercules, California 94547  
USA

#### Legal Entity / Contact Address

Bio-Rad Laboratories (Canada) Ltd.  
1329 Meyerside Drive  
Mississauga, ON L5T 1C9  
Canada

Technical Service 1-800-361-1808  
support@bio-rad.com

### Emergency telephone number

24 Hour Emergency Phone Number CHEMTREC Canada:1 (800) 424-9300

## 2. Hazard(s) identification

### Classification

|                                   |            |
|-----------------------------------|------------|
| Acute toxicity - Oral             | Category 4 |
| Skin corrosion/irritation         | Category 2 |
| Serious eye damage/eye irritation | Category 1 |

### Label elements

#### **Danger**

#### **Hazard statements**

Harmful if swallowed  
Causes skin irritation  
Causes serious eye damage

**Precautionary Statements - Prevention**

Wash face, hands and any exposed skin thoroughly after handling  
Do not eat, drink or smoke when using this product  
Wear protective gloves/protective clothing/eye protection/face protection

**Eyes**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing  
Immediately call a POISON CENTER or doctor

**Skin**

IF ON SKIN: Wash with plenty of water and soap  
If skin irritation occurs: Get medical advice/attention

**Ingestion**

IF SWALLOWED: Call a POISON CENTER or doctor if you feel unwell  
Rinse mouth

**Precautionary Statements - Disposal**

Dispose of contents/container in accordance with local, regional, national, and international regulations as applicable

**Other information**

No information available.

**Unknown acute toxicity**

**3. Composition/information on ingredients****Substance**

The product contains no substances which at their given concentration, are considered to be hazardous to health

| Chemical name                                                                                  | CAS No.   | Weight-% | Hazardous Material<br>Information Review Act<br>registry number<br>(HMIRA registry #) | Date HMIRA filed and<br>date exemption granted<br>(if applicable) |
|------------------------------------------------------------------------------------------------|-----------|----------|---------------------------------------------------------------------------------------|-------------------------------------------------------------------|
| Poly(oxy-1,2-ethanediyl),<br>.alpha.-[4-(1,1,3,3-tetramethylbutyl)phenyl]-.omega.<br>-hydroxy- | 9002-93-1 | 50 - 100 | -                                                                                     |                                                                   |

**4. First-aid measures****Description of first aid measures**

|                                                                                          |                                                                                                                                                                                                                                                                  |
|------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>General advice</b>                                                                    | Show this safety data sheet to the doctor in attendance. Immediate medical attention is required.                                                                                                                                                                |
| <b>Inhalation</b>                                                                        | Remove to fresh air. Get medical attention immediately if symptoms occur.                                                                                                                                                                                        |
| <b>Eye contact</b>                                                                       | Get immediate medical advice/attention. Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Keep eye wide open while rinsing. Do not rub affected area. |
| <b>Skin contact</b>                                                                      | Wash off immediately with soap and plenty of water for at least 15 minutes. Get medical attention if irritation develops and persists.                                                                                                                           |
| <b>Ingestion</b>                                                                         | Do NOT induce vomiting. Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person. Call a physician.                                                                                                    |
| <b>Self-protection of the first aider</b>                                                | Avoid contact with skin, eyes or clothing. Wear personal protective clothing (see section 8).                                                                                                                                                                    |
| <b><u>Most important symptoms and effects, both acute and delayed</u></b>                |                                                                                                                                                                                                                                                                  |
| <b>Symptoms</b>                                                                          | Burning sensation.                                                                                                                                                                                                                                               |
| <b><u>Indication of any immediate medical attention and special treatment needed</u></b> |                                                                                                                                                                                                                                                                  |
| <b>Note to physicians</b>                                                                | Treat symptomatically.                                                                                                                                                                                                                                           |

## 5. Fire-fighting measures

|                                                       |                                                                                                                                    |
|-------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| <b>Suitable Extinguishing Media</b>                   | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                            |
| <b>Unsuitable extinguishing media</b>                 | No information available.                                                                                                          |
| <b>Specific hazards arising from the chemical</b>     | None known.                                                                                                                        |
| <b>Explosion data</b>                                 |                                                                                                                                    |
| <b>Sensitivity to mechanical impact</b>               | None.                                                                                                                              |
| <b>Sensitivity to static discharge</b>                | None.                                                                                                                              |
| <b>Special protective equipment for fire-fighters</b> | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment. |

## 6. Accidental release measures

### **Personal precautions, protective equipment and emergency procedures**

|                             |                                                                                                                        |
|-----------------------------|------------------------------------------------------------------------------------------------------------------------|
| <b>Personal precautions</b> | Avoid contact with skin, eyes or clothing. Use personal protective equipment as required. Ensure adequate ventilation. |
| <b>Other information</b>    | Refer to protective measures listed in Sections 7 and 8.                                                               |

### **Methods and material for containment and cleaning up**

|                                |                                                       |
|--------------------------------|-------------------------------------------------------|
| <b>Methods for containment</b> | Prevent further leakage or spillage if safe to do so. |
| <b>Methods for cleaning up</b> | Pick up and transfer to properly labeled containers.  |

## 7. Handling and storage

### Precautions for safe handling

#### **Advice on safe handling**

Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Do not eat, drink or smoke when using this product. Take off contaminated clothing and wash before reuse.

### Conditions for safe storage, including any incompatibilities

#### **Storage Conditions**

Keep containers tightly closed in a dry, cool and well-ventilated place. Keep out of the reach of children. Store locked up.

## 8. Exposure controls/personal protection

### Working area parameters, subject to mandatory control (MAC or TSEL)

#### **Exposure Limits**

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

### Appropriate engineering controls

#### **Engineering controls**

Showers  
Eyewash stations  
Ventilation systems.

### Individual protection measures, such as personal protective equipment

#### **Eye/face protection**

Tight sealing safety goggles.

#### **Hand protection**

Wear suitable gloves. Impervious gloves.

#### **Skin and body protection**

Wear suitable protective clothing. Long sleeved clothing.

#### **Respiratory protection**

No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

#### **General hygiene considerations**

Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection. Do not eat, drink or smoke when using this product.

## 9. Physical and chemical properties

### Information on basic physical and chemical properties

|                |                          |
|----------------|--------------------------|
| Physical state | Liquid                   |
| Appearance     | Liquid                   |
| Color          | light yellow             |
| Odor           | Odorless                 |
| Odor threshold | No information available |

| <u>Property</u>                | <u>Values</u>  | <u>Remarks • Method</u> |
|--------------------------------|----------------|-------------------------|
| pH                             | 9-10           |                         |
| Melting point / freezing point | 6 °C / 42.8 °F |                         |

|                                                |                   |            |
|------------------------------------------------|-------------------|------------|
| <b>Initial boiling point and boiling range</b> | > 200 °C / 392 °F |            |
| <b>Flash point</b>                             | 251 °C / 483.8 °F |            |
| <b>Evaporation rate</b>                        | No data available | None known |
| <b>Flammability</b>                            | No data available | None known |
| <b>Flammability Limit in Air</b>               |                   | None known |
| <b>Upper flammability or explosive limits</b>  | No data available |            |
| <b>Lower flammability or explosive limits</b>  | No data available |            |
| <b>Vapor pressure</b>                          | No data available | None known |
| <b>Relative vapor density</b>                  | No data available | None known |
| <b>Relative density</b>                        | 1.065             | None known |
| <b>Water solubility</b>                        | Miscible in water |            |
| <b>Solubility in other solvents</b>            | No data available | None known |
| <b>Partition coefficient</b>                   | No data available | None known |
| <b>Autoignition temperature</b>                | No data available | None known |
| <b>Decomposition temperature</b>               |                   | None known |
| <b>Kinematic viscosity</b>                     | No data available | None known |
| <b>Dynamic viscosity</b>                       | No data available | None known |
| <b><u>Other information</u></b>                |                   |            |
| <b>Explosive properties</b>                    | Not applicable.   |            |
| <b>Oxidizing properties</b>                    | Not applicable.   |            |
| <b>Softening point</b>                         | Not applicable    |            |
| <b>Molecular weight</b>                        | Not applicable    |            |
| <b>VOC content</b>                             | Not applicable    |            |

## 10. Stability and reactivity

|                                           |                                                      |
|-------------------------------------------|------------------------------------------------------|
| <b>Reactivity</b>                         | No information available.                            |
| <b>Chemical stability</b>                 | Stable under normal conditions.                      |
| <b>Possibility of hazardous reactions</b> | None under normal processing.                        |
| <b>Conditions to avoid</b>                | None known based on information supplied.            |
| <b>Incompatible materials</b>             | Strong acids. Strong bases. Strong oxidizing agents. |
| <b>Hazardous decomposition products</b>   | None known based on information supplied.            |

## 11. Toxicological information

### Information on likely routes of exposure

#### Product Information

|                     |                                                                                                                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Inhalation</b>   | Specific test data for the substance or mixture is not available. May cause irritation of respiratory tract.                                                                                |
| <b>Eye contact</b>  | Specific test data for the substance or mixture is not available Causes serious eye damage May cause irreversible damage to eyes (based on components).                                     |
| <b>Skin contact</b> | Specific test data for the substance or mixture is not available Causes skin irritation (based on components).                                                                              |
| <b>Ingestion</b>    | Specific test data for the substance or mixture is not available Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea Harmful if swallowed (based on components). |

**Symptoms related to the physical, chemical and toxicological characteristics**

**Symptoms** Redness. Burning. May cause blindness. May cause redness and tearing of the eyes.

**Acute toxicity****Numerical measures of toxicity**

No information available

**Unknown acute toxicity****Component Information**

| Chemical name                                                                                               | Oral LD50            | Dermal LD50 | Inhalation LC50 |
|-------------------------------------------------------------------------------------------------------------|----------------------|-------------|-----------------|
| Poly(oxy-1,2-ethanediyl),<br>.alpha.-[4-(1,1,3,3-tetramethylbu<br>tyl)phenyl]-.omega.-hydroxy-<br>9002-93-1 | = 1800 mg/kg ( Rat ) | -           | -               |

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

**Skin corrosion/irritation** Classification based on data available for ingredients. Irritating to skin.

**Serious eye damage/eye irritation** Classification based on data available for ingredients. Causes burns. Risk of serious damage to eyes.

**Respiratory or skin sensitization** Based on available data, the classification criteria are not met.

**Germ cell mutagenicity** Based on available data, the classification criteria are not met.

**Carcinogenicity** Based on available data, the classification criteria are not met.

**Reproductive toxicity** Based on available data, the classification criteria are not met.

**STOT - single exposure** Based on available data, the classification criteria are not met.

**STOT - repeated exposure** Based on available data, the classification criteria are not met.

**Aspiration hazard** Based on available data, the classification criteria are not met.

**12. Ecological information**

**Ecotoxicity** Very toxic to aquatic life with long lasting effects. Toxic to aquatic life.

**Persistence and degradability** No information available.

**Bioaccumulation** No information available.

**Other adverse effects**

**13. Disposal considerations****Disposal methods**

|                                            |                                                                                                                 |
|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------|
| <b>Waste from residues/unused products</b> | Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation. |
| <b>Contaminated packaging</b>              | Do not reuse empty containers.                                                                                  |
