

# SAFETY DATA SHEET

This safety data sheet complies with the requirements of:  
SS586: 2008 (2014)

Revision date 30-Oct-2024

Revision Number 1

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### Product identifier

Product Name M.R.S. - Dehydrated Agar (500 g)

### Other means of identification

Catalogue Number(s) 3564244

Pure substance/mixture Mixture

### Recommended use of the chemical and restrictions on use

Recommended use Restricted to professional users  
In-vitro laboratory reagent or component

Uses advised against No information available

### Details of the supplier of the safety data sheet

#### Corporate Headquarters

Bio-Rad Laboratories Inc.  
1000 Alfred Nobel Drive  
Hercules, CA 94547  
USA

#### Manufacturer

Bio-Rad  
3 boulevard Raymond Poincaré  
92430 Marnes-la-Coquette  
France  
e-mail: fds-msds.fr@bio-rad.com

#### Legal Entity / Contact Address

Bio-Rad Laboratories (Singapore) PTE LTD  
3A International Business Park #11-10/16  
ICON@IBP  
Singapore 609935

For further information, please contact

Technical Service 6424 0262  
ctssingapore@bio-rad.com

### Emergency telephone number

24 Hour Emergency Phone Number CHEMTREC Singapore: 65-31581349

## SECTION 2: Hazards identification

### GHS Classification

Not a hazardous substance or mixture according to the Globally Harmonised System (GHS): SS586: 2008 (2014)

Acute toxicity - Inhalation (Dusts/Mists)

Not applicable

### Label elements

Not a hazardous substance or mixture according to the Globally Harmonised System (GHS): SS586: 2008 (2014)

### Other hazards which do not result in classification

Contains animal source material.

**SECTION 3: Composition/information on ingredients****Substance**

Not applicable

**Mixture**

| Chemical name      | EC No (EU Index No)         | CAS No.  | Weight-% |
|--------------------|-----------------------------|----------|----------|
| Glycine            | 200-272-2                   | 56-40-6  | 20 - 35  |
| Sodium acetate     | 204-823-8                   | 127-09-3 | 5 - 10   |
| Disodium carbonate | 207-838-8<br>(011-005-00-2) | 497-19-8 | 5 - 10   |

Non-hazardous  
ingredients

Proprietary

Balance

**SECTION 4: First aid measures****Description of first aid measures**

|                       |                                                                                                                      |
|-----------------------|----------------------------------------------------------------------------------------------------------------------|
| <b>General advice</b> | No hazards which require special first aid measures.                                                                 |
| <b>Inhalation</b>     | Remove to fresh air.                                                                                                 |
| <b>Eye contact</b>    | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids.<br>Consult a doctor. |
| <b>Skin contact</b>   | Wash skin with soap and water. In the case of skin irritation or allergic reactions see a doctor.                    |
| <b>Ingestion</b>      | Rinse mouth thoroughly with water.                                                                                   |

**Most important symptoms and effects, both acute and delayed**

|                 |                           |
|-----------------|---------------------------|
| <b>Symptoms</b> | No information available. |
|-----------------|---------------------------|

**For emergency responders**

|                                           |                           |
|-------------------------------------------|---------------------------|
| <b>Self-protection of the first aider</b> | No information available. |
|-------------------------------------------|---------------------------|

**Indication of any immediate medical attention and special treatment needed**

|                        |                        |
|------------------------|------------------------|
| <b>Note to doctors</b> | Treat symptomatically. |
|------------------------|------------------------|

**SECTION 5: Firefighting measures****Suitable Extinguishing Media**

|                                     |                                                                                                         |
|-------------------------------------|---------------------------------------------------------------------------------------------------------|
| <b>Suitable Extinguishing Media</b> | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
|-------------------------------------|---------------------------------------------------------------------------------------------------------|

|                                       |                           |
|---------------------------------------|---------------------------|
| <b>Unsuitable extinguishing media</b> | No information available. |
|---------------------------------------|---------------------------|

**Specific hazards arising from the chemical**

**Specific hazards arising from the chemical** None known.

**Special protective actions for fire-fighters**

**Special protective equipment and precautions for fire-fighters** Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear.  
Use personal protection equipment.

## **SECTION 6: Accidental release measures**

**Personal precautions, protective equipment and emergency procedures**

**Personal precautions** Ensure adequate ventilation.

**For emergency responders** Use personal protection recommended in Section 8.

**Environmental precautions**

**Environmental precautions** See Section 12 for additional Ecological Information.

**Methods and material for containment and cleaning up**

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Pick up and transfer to properly labelled containers.

**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

**Reference to other sections** See section 8 for more information. See section 13 for more information.

## **SECTION 7: Handling and storage**

**Precautions for safe handling**

**Advice on safe handling** Ensure adequate ventilation.

**General hygiene considerations** Handle in accordance with good industrial hygiene and safety practice.

**Conditions for safe storage, including any incompatibilities**

**Storage Conditions** Keep container tightly closed in a dry and well-ventilated place.

## **SECTION 8: Exposure controls/personal protection**

**Control parameters**

**Occupational exposure limits** This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

**Biological occupational exposure limits**

This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific regulatory bodies

**Appropriate engineering controls**

Engineering controls                      Showers  
                                                      Eyewash stations  
                                                      Ventilation systems.

#### **Individual protection measures, such as personal protective equipment**

Eye/face protection                      Wear safety glasses with side shields (or goggles).  
 Skin and body protection                Wear suitable protective clothing.  
 Hand protection                            Wear suitable gloves.  
 Respiratory protection                    No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.  
 Environmental exposure controls        No information available.

### **SECTION 9: Physical and chemical properties**

#### **Information on basic physical and chemical properties**

Physical state                                Solid  
 Appearance                                 Powder  
 Colour                                         beige  
 Odour                                          Characteristic.  
 Odour threshold                              No information available

| <b><u>Property</u></b>                  | <b><u>Values</u></b>     | <b><u>Remarks • Method</u></b> |
|-----------------------------------------|--------------------------|--------------------------------|
| pH                                      |                          | None known                     |
| Melting point / freezing point          | No data available        | None known                     |
| Initial boiling point and boiling range | No data available        | None known                     |
| Flash point                             | No data available        | None known                     |
| Evaporation rate                        | No data available        | None known                     |
| Flammability                            | No data available        | None known                     |
| Flammability Limit in Air               |                          | None known                     |
| Upper flammability or explosive limits  | No data available        |                                |
| Lower flammability or explosive limits  | No data available        |                                |
| Vapour pressure                         | No data available        | None known                     |
| Relative vapour density                 | No data available        | None known                     |
| Relative density                        | No data available        | None known                     |
| Water solubility                        | Soluble in water         |                                |
| Solubility(ies)                         | No data available        | None known                     |
| Partition coefficient                   | No data available        | None known                     |
| Autoignition temperature                | No data available        | None known                     |
| Decomposition temperature               |                          | None known                     |
| Kinematic viscosity                     | No data available        | None known                     |
| Dynamic viscosity                       | No data available        | None known                     |
| <b><u>Other information</u></b>         | No information available |                                |

### **SECTION 10: Stability and reactivity**

#### **Reactivity**

Reactivity                                    No information available.

**Chemical stability**

**Stability** Stable under normal conditions.

**Explosion data**

**Sensitivity to mechanical impact** None.

**Sensitivity to static discharge** None.

**Possibility of hazardous reactions** None under normal processing.

**Conditions to avoid**

**Conditions to avoid** None known based on information supplied.

**Incompatible materials**

**Incompatible materials** None known based on information supplied.

**Hazardous decomposition products**

**Hazardous decomposition products** None known based on information supplied.

**SECTION 11: Toxicological information****Information on likely routes of exposure****Product Information**

**Inhalation** Specific test data for the substance or mixture is not available.

**Eye contact** Specific test data for the substance or mixture is not available.

**Skin contact** Specific test data for the substance or mixture is not available.

**Ingestion** Specific test data for the substance or mixture is not available.

**Symptoms related to the physical, chemical and toxicological characteristics**

**Symptoms** No information available.

**Acute toxicity****Numerical measures of toxicity**

No information available

The following values are calculated based on chapter 3.1 of the GHS document

**ATEmix (oral)** 12,815.00 mg/kg

**ATEmix (dermal)** 17,244.30 mg/kg

**ATEmix (inhalation-dust/mist)** 51.80 mg/l

**Component Information**

| Chemical name  | Oral LD50            | Dermal LD50          | Inhalation LC50                   |
|----------------|----------------------|----------------------|-----------------------------------|
| Glycine        | = 7930 mg/kg ( Rat ) |                      |                                   |
| Agar           | = 11 g/kg ( Rat )    |                      |                                   |
| Sodium acetate | = 3530 mg/kg ( Rat ) | > 10 g/kg ( Rabbit ) | > 30 g/m <sup>3</sup> ( Rat ) 1 h |

|                                        |                       |                         |                                      |
|----------------------------------------|-----------------------|-------------------------|--------------------------------------|
| Disodium carbonate                     | = 4090 mg/kg ( Rat )  | > 2000 mg/kg ( Rabbit ) | = 2300 mg/m <sup>3</sup> ( Rat ) 2 h |
| Dipotassium phosphate                  |                       | > 5000 mg/kg ( Rabbit ) |                                      |
| Polyoxyethylene 20 sorbitan monooleate | = 34500 µL/kg ( Rat ) |                         |                                      |
| Manganese(II) sulfate                  | = 782 mg/kg ( Rat )   |                         | > 4.45 mg/L ( Rat ) 4 h              |

#### Delayed and immediate effects as well as chronic effects from short and long-term exposure

|                                          |                                                                   |
|------------------------------------------|-------------------------------------------------------------------|
| <b>Skin corrosion/irritation</b>         | Based on available data, the classification criteria are not met. |
| <b>Serious eye damage/eye irritation</b> | Based on available data, the classification criteria are not met. |
| <b>Respiratory or skin sensitisation</b> | Based on available data, the classification criteria are not met. |
| <b>Germ cell mutagenicity</b>            | Based on available data, the classification criteria are not met. |
| <b>Carcinogenicity</b>                   | Based on available data, the classification criteria are not met. |
| <b>Reproductive toxicity</b>             | Based on available data, the classification criteria are not met. |
| <b>STOT - single exposure</b>            | Based on available data, the classification criteria are not met. |
| <b>STOT - repeated exposure</b>          | Based on available data, the classification criteria are not met. |
| <b>Aspiration hazard</b>                 | Classification not possible.                                      |

## SECTION 12: Ecological information

### Ecotoxicity

**Ecotoxicity** The environmental impact of this product has not been fully investigated.

| Chemical name      | Algae/aquatic plants | Fish                                                                                         | Crustacea                            |
|--------------------|----------------------|----------------------------------------------------------------------------------------------|--------------------------------------|
| Glycine            | -                    | LC50: >1000mg/L (96h, Oryzias latipes)                                                       | -                                    |
| Sodium acetate     | -                    | LC50: >100mg/L (96h, Danio rerio)                                                            | EC50: >1000mg/L (48h, Daphnia magna) |
| Disodium carbonate | -                    | LC50: =300mg/L (96h, Lepomis macrochirus)<br>LC50: 310 - 1220mg/L (96h, Pimephales promelas) | EC50: =265mg/L (48h, Daphnia magna)  |

### Persistence and degradability

**Persistence and degradability** No information available.

### Bioaccumulative potential

**Bioaccumulation** No information available.

| Chemical name | Partition coefficient |
|---------------|-----------------------|
| Glycine       | -3.21                 |

### Mobility

**Mobility in soil** No information available.

**PBT and vPvB assessment** No information available

| Chemical name      | PBT and vPvB assessment         |
|--------------------|---------------------------------|
| Glycine            | The substance is not PBT / vPvB |
| Sodium acetate     | The substance is not PBT / vPvB |
| Disodium carbonate | The substance is not PBT / vPvB |

#### **Other adverse effects**

**Other adverse effects** No information available

### **SECTION 13: Disposal considerations**

#### **Disposal methods**

**Waste from residues/unused products** Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

**Contaminated packaging** Do not reuse empty containers.

### **SECTION 14: Transport information**

**ADR** Not regulated

**IMDG** Not regulated  
**Transport in bulk according to Annex II of MARPOL and the IBC Code** No information available

**IATA** Not regulated

### **SECTION 15: Regulatory information**

#### **Safety, health and environmental regulations/legislation specific for the substance or mixture**

##### **Singapore**

##### **Environmental Public Health Act**

Dispose of waste product or used containers according to local regulations.

##### **Hazardous Waste (Control of Export, Import and Transit) Act**

It is the responsibility of the waste generator to determine the toxicity and physical properties of the material generated to determine the proper waste identification and disposal methods in compliance with applicable regulations. Take note that wastes may be subject to export, import, or transit controls pursuant to the Basel convention and/or local regulations implementing the Basel convention.

##### **Poison**

None Listed

##### **Workplace Safety and Health Act**

Comply with the health and safety at work laws.

**International Regulations**

**The Montreal Protocol on Substances that Deplete the Ozone Layer** Not applicable

**The Stockholm Convention on Persistent Organic Pollutants** Not applicable

**The Rotterdam Convention** Not applicable

**International Inventories**

Contact supplier for inventory compliance status

**SECTION 16: Other information****Key or legend to abbreviations and acronyms used in the safety data sheet****Legend Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION**

|         |                             |      |                                  |
|---------|-----------------------------|------|----------------------------------|
| TWA     | TWA (time-weighted average) | STEL | STEL (Short Term Exposure Limit) |
| Ceiling | Maximum limit value         | Sk*  | Skin designation                 |
