

Revision date 30-Dec-2024

Revision Number 1

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### Product identifier

**Product Name** Meter Trax Control

### Other means of identification

**Catalogue Number(s)** 970, 971, 972, 973, 970X

**Pure substance/mixture** Mixture

### Recommended use of the chemical and restrictions on use

**Recommended use** In vitro diagnostic

**Uses advised against** No information available

### Details of the supplier of the safety data sheet

#### Corporate Headquarters

Bio-Rad Laboratories Inc.  
1000 Alfred Nobel Drive  
Hercules, CA 94547  
USA

For further information, please contact

#### Manufacturer

Bio-Rad Laboratories Inc.  
9500 Jeronimo Road  
Irvine, California 92618  
USA

#### Legal Entity / Contact Address

Bio-Rad Laboratories (Singapore) PTE LTD  
3A International Business Park #11-10/16  
ICON@IBP  
Singapore 609935

**Technical Service** 6424 0262  
ctssingapore@bio-rad.com

### Emergency telephone number

**24 Hour Emergency Phone Number** CHEMTREC Singapore: 65-31581349

## SECTION 2: Hazards identification

### GHS Classification

|                                          |            |
|------------------------------------------|------------|
| <b>Skin corrosion/irritation</b>         | Category 2 |
| <b>Serious eye damage/eye irritation</b> | Category 2 |

### Label elements

**Signal word**

**Warning****Hazard statements**

H315 - Causes skin irritation

H319 - Causes serious eye irritation

**Precautionary Statements - Prevention**

Wash face, hands and any exposed skin thoroughly after handling

**Precautionary Statements - Response**

If skin irritation occurs: Get medical advice/attention

Take off all contaminated clothing and wash it before reuse

IF ON SKIN: Wash with plenty of water and soap

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing

If eye irritation persists: Get medical advice/attention

**Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

**Other hazards which do not result in classification**

Contains human source material and / or potentially infectious components

**SECTION 3: Composition/information on ingredients****Substance**

Not applicable

**Mixture**

| Chemical name                   | EC No (EU Index No)         | CAS No.    | Weight-%   |
|---------------------------------|-----------------------------|------------|------------|
| Polyethylene glycol             | -                           | 25322-68-3 | 5 - 10     |
| Ethyl alcohol                   | 200-578-6<br>(603-002-00-5) | 64-17-5    | 2.5 - 5    |
| Ethylenediaminetetraacetic acid | 200-449-4<br>(607-429-00-8) | 60-00-4    | 1 - 2.5    |
| Sodium hydroxide                | 215-185-5<br>(011-002-00-6) | 1310-73-2  | 0.3 - 0.99 |
| Potassium hydroxide             | 215-181-3<br>(019-002-00-8) | 1310-58-3  | 0.3 - 0.99 |

Non-hazardous  
ingredients

Proprietary

Balance

**SECTION 4: First aid measures****Description of first aid measures****General advice**

Show this safety data sheet to the doctor in attendance.

**Inhalation**

Remove to fresh air. Get medical attention immediately if symptoms occur.

**Eye contact**

Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Keep eye wide open while rinsing. Do not rub affected area. Get medical attention if irritation develops and persists. Call a doctor.

**Skin contact** Wash off immediately with soap and plenty of water for at least 15 minutes. Get medical attention if irritation develops and persists. Wash with soap and water.

**Ingestion** Rinse mouth. Never give anything by mouth to an unconscious person. Do NOT induce vomiting. Call a doctor.

**Most important symptoms and effects, both acute and delayed**

**Symptoms** May cause redness and tearing of the eyes. Burning sensation.

**For emergency responders**

**Self-protection of the first aider** Avoid contact with skin, eyes or clothing. Wear personal protective clothing (see section 8).

**Indication of any immediate medical attention and special treatment needed**

**Note to doctors** Treat symptomatically.

## **SECTION 5: Firefighting measures**

**Suitable Extinguishing Media**

**Suitable Extinguishing Media** Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Unsuitable extinguishing media** No information available.

**Specific hazards arising from the chemical**

**Specific hazards arising from the chemical** None known.

**Special protective actions for fire-fighters**

**Special protective equipment and precautions for fire-fighters** Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.

## **SECTION 6: Accidental release measures**

**Personal precautions, protective equipment and emergency procedures**

**Personal precautions** Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. Use personal protective equipment as required.

**Other information** Refer to protective measures listed in Sections 7 and 8.

**For emergency responders** Use personal protection recommended in Section 8.

**Environmental precautions**

**Environmental precautions** Prevent further leakage or spillage if safe to do so.

**Methods and material for containment and cleaning up**

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Clean contaminated surface thoroughly.

**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

**Reference to other sections** See section 8 for more information. See section 13 for more information.

## SECTION 7: Handling and storage

### Precautions for safe handling

**Advice on safe handling** Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Do not eat, drink or smoke when using this product. Take off contaminated clothing and wash it before reuse.

**General hygiene considerations** Wear suitable gloves and eye/face protection. Do not eat, drink or smoke when using this product. Avoid contact with skin, eyes or clothing.

### Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place.

## SECTION 8: Exposure controls/personal protection

### Control parameters

#### Occupational exposure limits

| Chemical name                    | Singapore                                    | ACGIH TLV                    |
|----------------------------------|----------------------------------------------|------------------------------|
| Ethyl alcohol<br>64-17-5         | PEL: 1000 ppm<br>PEL: 1880 mg/m <sup>3</sup> | STEL: 1000 ppm               |
| Sodium hydroxide<br>1310-73-2    | STEL: 2 mg/m <sup>3</sup>                    | Ceiling: 2 mg/m <sup>3</sup> |
| Potassium hydroxide<br>1310-58-3 | STEL: 2 mg/m <sup>3</sup>                    | Ceiling: 2 mg/m <sup>3</sup> |

#### Biological occupational exposure limits

This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific regulatory bodies

### Appropriate engineering controls

**Engineering controls** Showers  
Eyewash stations  
Ventilation systems.

### Individual protection measures, such as personal protective equipment

**Eye/face protection** Wear safety glasses with side shields (or goggles).

**Skin and body protection** Wear suitable protective clothing.

**Hand protection** Wear suitable gloves. Impervious gloves.

**Respiratory protection** No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

**Environmental exposure controls** No information available.

## SECTION 9: Physical and chemical properties

**Information on basic physical and chemical properties**

|                 |                          |
|-----------------|--------------------------|
| Physical state  | Liquid                   |
| Appearance      | Opaque                   |
| Colour          | red brown                |
| Odour           | Odourless.               |
| Odour threshold | No information available |

| <b>Property</b>                         | <b>Values</b>     | <b>Remarks • Method</b> |
|-----------------------------------------|-------------------|-------------------------|
| pH                                      | 7.1-7.3           |                         |
| Melting point / freezing point          | No data available | None known              |
| Initial boiling point and boiling range | No data available | None known              |
| Flash point                             | No data available | None known              |
| Evaporation rate                        | No data available | None known              |
| Flammability                            | No data available | None known              |
| Flammability Limit in Air               |                   | None known              |
| Upper flammability or explosive limits  | No data available |                         |
| Lower flammability or explosive limits  | No data available |                         |
| Vapour pressure                         | No data available | None known              |
| Relative vapour density                 | No data available | None known              |
| Relative density                        | No data available | None known              |
| Water solubility                        | Miscible in water | None known              |
| Solubility(ies)                         | No data available | None known              |
| Partition coefficient                   | No data available | None known              |
| Autoignition temperature                | No data available | None known              |
| Decomposition temperature               |                   | None known              |
| Kinematic viscosity                     | No data available | None known              |
| Dynamic viscosity                       | No data available | None known              |
| Explosive properties                    | Not applicable    |                         |
| Oxidising properties                    | Not applicable    |                         |

**Other information** No information available

**SECTION 10: Stability and reactivity****Reactivity**

**Reactivity** No information available.

**Chemical stability**

**Stability** Stable under normal conditions.

**Explosion data**

**Sensitivity to mechanical impact** None.

**Sensitivity to static discharge** None.

**Possibility of hazardous reactions** None under normal processing.

**Conditions to avoid**

**Conditions to avoid** None known based on information supplied.

**Incompatible materials**

**Incompatible materials** Strong acids. Strong bases. Strong oxidising agents.

Hazardous decomposition products

**Hazardous decomposition products** None known based on information supplied.

**SECTION 11: Toxicological information**Information on likely routes of exposure**Product Information**

|                     |                                                                                                                                                              |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Inhalation</b>   | Specific test data for the substance or mixture is not available. May cause irritation of respiratory tract.                                                 |
| <b>Eye contact</b>  | Specific test data for the substance or mixture is not available. Causes serious eye irritation (based on components). May cause redness, itching, and pain. |
| <b>Skin contact</b> | Specific test data for the substance or mixture is not available. Causes skin irritation (based on components).                                              |
| <b>Ingestion</b>    | Specific test data for the substance or mixture is not available. Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhoea.           |

Symptoms related to the physical, chemical and toxicological characteristics

**Symptoms** Redness. May cause redness and tearing of the eyes.

Acute toxicity**Numerical measures of toxicity**

No information available

The following values are calculated based on chapter 3.1 of the GHS document

|                                      |                 |
|--------------------------------------|-----------------|
| <b>ATEmix (oral)</b>                 | 77,308.40 mg/kg |
| <b>ATEmix (inhalation-dust/mist)</b> | 4,345.70 mg/l   |

**Component Information**

| Chemical name                   | Oral LD50             | Dermal LD50             | Inhalation LC50                                      |
|---------------------------------|-----------------------|-------------------------|------------------------------------------------------|
| Water                           | > 90 mL/kg ( Rat )    |                         |                                                      |
| Polyethylene glycol             | = 22 g/kg ( Rat )     | > 20 g/kg ( Rabbit )    |                                                      |
| Ethyl alcohol                   | = 7060 mg/kg ( Rat )  |                         | = 116.9 mg/L ( Rat ) 4 h<br>= 133.8 mg/L ( Rat ) 4 h |
| Ethylenediaminetetraacetic acid | > 2000 mg/kg ( Rat )  |                         |                                                      |
| Sodium hydroxide                | = 325 mg/kg ( Rat )   | = 1350 mg/kg ( Rabbit ) |                                                      |
| Potassium hydroxide             | = 284 mg/kg ( Rat )   |                         |                                                      |
| Glucose                         | = 25800 mg/kg ( Rat ) |                         |                                                      |
| Sodium fluoride                 | = 52 mg/kg ( Rat )    | = 175 mg/kg ( Rat )     |                                                      |
| Trade secret                    | > 4 g/kg ( Rat )      |                         |                                                      |

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

|                                          |                                                                                        |
|------------------------------------------|----------------------------------------------------------------------------------------|
| <b>Skin corrosion/irritation</b>         | Classification based on data available for ingredients. Causes skin irritation.        |
| <b>Serious eye damage/eye irritation</b> | Classification based on data available for ingredients. Causes serious eye irritation. |
| <b>Respiratory or skin sensitisation</b> | Based on available data, the classification criteria are not met.                      |
| <b>Germ cell mutagenicity</b>            | Based on available data, the classification criteria are not met.                      |
| <b>Carcinogenicity</b>                   | Based on available data, the classification criteria are not met.                      |
| <b>Reproductive toxicity</b>             | Based on available data, the classification criteria are not met.                      |
| <b>STOT - single exposure</b>            | Based on available data, the classification criteria are not met.                      |
| <b>STOT - repeated exposure</b>          | Based on available data, the classification criteria are not met.                      |
| <b>Aspiration hazard</b>                 | Classification not possible.                                                           |

**SECTION 12: Ecological information****Ecotoxicity**

**Ecotoxicity** Harmful to aquatic life with long lasting effects.

| Chemical name                   | Algae/aquatic plants                           | Fish                                                                                                                                                | Crustacea                                                                        |
|---------------------------------|------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------|
| Ethyl alcohol                   | -                                              | LC50: 12.0 - 16.0mL/L (96h, Oncorhynchus mykiss)<br>LC50: >100mg/L (96h, Pimephales promelas)<br>LC50: 13400 - 15100mg/L (96h, Pimephales promelas) | LC50: 9268 - 14221mg/L (48h, Daphnia magna)<br>EC50: =2mg/L (48h, Daphnia magna) |

| Sodium hydroxide                | -                                              | LC50: =45.4mg/L (96h, Oncorhynchus mykiss)                                                                                                          | -                                                                                |

**Persistence and degradability**

**Persistence and degradability** No information available.

**Bioaccumulative potential**

**Bioaccumulation** There is no data for this product.

| Chemical name       | Partition coefficient |
|---------------------|-----------------------|
| Polyethylene glycol | -0.698                |
| Ethyl alcohol       | -0.35                 |
| Potassium hydroxide | 0.83                  |

**Mobility**

**Mobility in soil** No information available.

**PBT and vPvB assessment** No information available

| Chemical name                   | PBT and vPvB assessment         |
|---------------------------------|---------------------------------|
| Polyethylene glycol             | The substance is not PBT / vPvB |
| Ethyl alcohol                   | The substance is not PBT / vPvB |
| Ethylenediaminetetraacetic acid | The substance is not PBT / vPvB |
| Sodium hydroxide                | The substance is not PBT / vPvB |
| Potassium hydroxide             | The substance is not PBT / vPvB |

**Other adverse effects**

Other adverse effects                      No information available

**SECTION 13: Disposal considerations****Disposal methods**

**Waste from residues/unused products**                      Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

**Contaminated packaging**                      Do not reuse empty containers.

**SECTION 14: Transport information**

**ADR**                                              Not regulated

**IMDG**                                              Not regulated  
**Transport in bulk according to Annex II of MARPOL and the IBC Code**                      No information available

**IATA**                                              Not regulated

**SECTION 15: Regulatory information****Safety, health and environmental regulations/legislation specific for the substance or mixture****Singapore****Environmental Protection and Management (Hazardous Substances) Regulations**

Verify that licence requirements are met.

| Chemical name       | Hazardous Substances                                                                                                                                               | transport |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|
| Sodium hydroxide    | Exclusions: 1. Substances containing <=17%, weight in weight, of Sodium hydroxide. 2. Made-up formulated preparations either liquid or solid for biochemical tests | 1000kg    |
| Potassium hydroxide | Exclusions: 1. Substances containing <=17%, weight in weight, of Potassium hydroxide. 2. Accumulators. 3. Batteries                                                | 1000kg    |

**Environmental Public Health Act**

Dispose of waste product or used containers according to local regulations.

**Fire Safety (Petroleum and Flammable Materials) Regulations**

Verify that licence requirements are met.

| Chemical name | Regulated    | Hazard class |
|---------------|--------------|--------------|
| Ethyl alcohol | SCDETH1170L2 | 3            |

**Hazardous Waste (Control of Export, Import and Transit) Act**

It is the responsibility of the waste generator to determine the toxicity and physical properties of the material generated to determine the proper waste identification and disposal methods in compliance with applicable regulations. Take note that wastes may be subject to export, import, or transit controls pursuant to the Basel convention and/or local regulations implementing the Basel convention.

**Poison**

None Listed

**Workplace Safety and Health Act**

See section 8 for national exposure control parameters. Comply with the health and safety at work laws.

**International Regulations**

**The Montreal Protocol on Substances that Deplete the Ozone Layer** Not applicable

**The Stockholm Convention on Persistent Organic Pollutants** Not applicable

**The Rotterdam Convention** Not applicable

**International Inventories**

Contact supplier for inventory compliance status

**SECTION 16: Other information****Key or legend to abbreviations and acronyms used in the safety data sheet**

Legend Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

|         |                             |      |                                  |
|---------|-----------------------------|------|----------------------------------|
| TWA     | TWA (time-weighted average) | STEL | STEL (Short Term Exposure Limit) |
| Ceiling | Maximum limit value         | Sk*  | Skin designation                 |

**Label elements**

P264 - Wash face, hands and any exposed skin thoroughly after handling

P273 - Avoid release to the environment

P305 + P351 + P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing

P337 + P313 - If eye irritation persists: Get medical advice/attention

P501 - Dispose of contents/container in accordance with local, regional, national, and international regulations as applicable

P280 - Wear protective gloves, protective clothing, eye protection and face protection

**Issuing Date** Bio-Rad Laboratories, Environmental Health and Safety

**Revision date** 30-Dec-2024

**Revision Note** Significant changes throughout SDS. Review all sections.

**This safety data sheet complies with the requirements of: SS586: 2008 (2014)**

**Disclaimer**

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
